CONFERENCE DESCRIPTION

This is a 2-day course designed for medical oncologists, hematologists, radiation oncologists, surgical oncologists, physician assistants (PA), advanced registered nurse practitioners (ARNP), oncology nurses, registered pharmacists, pharmacy technicians, and radiation therapists. General practitioners (internal medicine and family medicine) will have the benefit of review standard of care and new developments in cancer management. Residents in training and fellows from these specialties are encouraged to attend.

Topics in solid tumors and hematological malignancies will be reviewed; that will include topics in breast cancer, lung cancer, gastrointestinal (GI) malignancies, genitourinary (GU) cancers, gynecologic malignancies, head and neck cancers, melanoma, and hematological malignancies such as multiple myeloma, CLL and non-Hodgkin's lymphoma, and myelodysplastic syndrome. There will also be a special session devoted to the area of supportive care in oncology, with emphasis on bone metastasis, malignant hypercalcemia, and management of chemotherapy and immunotherapy-related side effects.

The areas of focus for this conference will include the current standards of care in the treatment of all aforementioned malignancies and new developments in these areas of cancer care. There will be much emphasis on molecular diagnosis and individualization of cancer therapy based on molecular profiles.

Presentations from latest national (AACR 2015, ASCO 2015 and ASH 2016) and international forums (ESMO 2015 and WCLC 2015) meetings will be discussed and guidelines of cancer care will be emphasized. The participants in the meeting will have the opportunity not only to learn, review, and understand the state-of-the-art management in cancer care but also engage in personal interaction with our panel of experts in these subjects during our question and answer sessions.

CONFERENCE OBJECTIVES

Upon completion of this course attendees will be able to:

1) Understand the latest advances in chemotherapy and immunotherapy options available for lung cancer, breast cancer, GI malignancies, GU malignancies, melanoma, brain tumors, head and neck cancer as well as hematological malignancies including multiple myeloma, NHL, MDS, and CLL.

2) Evaluate the current standards of care in the treatment of a variety of solid and hematologic malignancies.

3) Discuss risks and benefits when combined modality of treatment is delivered to patients who have localized malignant processes (i.e., NSCLC, head and neck, prostate cancer, and others).

4) Apply targeted therapies such as tyrosine kinase inhibitors, antiangiogenic agents, and other in different tumor types based on patient’s tumor molecular profile.

5) Identify and treat possible complications which may surge with the use of chemotherapy, targeted treatments, and immunotherapy; the proper use of supportive care.

ACCREDITATION

The Medical Educator Consortium is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT HOURS (CME)

The Medical Educator Consortium, designates this live activity for a maximum of 15 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

NURSING CEU

Continuing Education Credit for Nurses will be awarded by the University of Miami Nursing Education Department. A total of 13 CEU’s will be awarded for attendance to all two days of the conference. Participants may attend separately on Friday for 2.8 credit hours, Saturday for 7.2 credit hours, and Sunday 3.0 credit hours. A certificate of completion will be provided to each participant at the end of the conference. Credit will be entered into CE Broker.

PHARMACY CEU

This activity is approved for a total of 13 contact hours of Continuing Education Credit for Pharmacists and Pharmacy Technicians awarded by the University of Miami Sylvester Comprehensive Cancer Center. Participants must attend all day lectures to receive credit for that day. Partial credits are not available. Where credits are approved on a session-by-session basis, participants must attend each session in its entirety to receive complete credit for the session. A certificate of completion will be provided to each participant at the end of the conference. Credit will be entered into CE Broker. UMHC/Sylvester is approved by the Florida Board of Pharmacy as a provider of continuing pharmacy education.

FACULTY DISCLOSURE STATEMENT

The Medical Educator Consortium (MEC) adheres to the ACCME Standards for Commercial Support. All persons that will be in a position to control the content of the CME Activity are required to disclose all relevant financial relationships. Faculty disclosure forms outlining this information will be made available to all participants prior to educational activity. MEC has also implemented a mechanism to identify and resolve all conflicts of interest prior to the education activity being delivered to learners. The source of all support from commercial interests will also be disclosed to learners prior to the beginning of the educational activity.
